

The Trident range of light weight wall spaces (standoffs) are a simple and easy design. They are suitable for many glass mounting purposes and will hold glass from 3mm to 12mm thick. Their simple design makes them both cost effective and easy to mount to any flat surface such as:

- Timber
- Steel
- Stainless steel
- Hollow (plaster) walls
- Aluminum
- Masonry

Light weight wall spacers are often used for mounting:

- Feature panels
- Menu boards
- Signs
- Glass partitions
- Privacy screen
- Table tops
- Reception desks
- Counters
- Infill panels

PRODUCT CODE: WS 2530-SSS
